Dear Professor Speransky:

I shall be happy to write a paper for the special publication of the Academy of Medical Sciences of the U. S. S. R. honoring Academician Alexandre Mjasnikov.

As you know, I am always anxious to promote scientific contacts between our countries and, indeed, the cooperation between the medical researchers of all the world in the promotion of scientific knowledge and the health of mankind.

I shall attempt to make sure that you, as Editor, receive my manuscript, of not over 8-10 typewritten pages, before the end of August.

Sincerely,

Ancel Keys, Director
