Dear Henry & Stacy

It was wonderful to see you both last weekend. I hope your flight back to Minneapolis went well.

Thanks so much for the great evening - great dinner & great company at Post Alley last Saturday. It was so comfortable for Colleen and ~~me~~ to be with you both and Katia. It had all the warmth of a good family reunion. Colleen & I have been talking often about how enjoyable it was. She has seen some "friends" disappear recently so this was very important for her. Thank you.

Your films of Austria circa 1952 made me so nostalgic I could hardly bear it - even though they competed with a pleasant social gathering. When you return, please, PLEASE bring those tapes so we can see them again. I have the video equipment and enough Mozart discs & Tapes to last a week.

We look forward to your next visit

Love  
Larry & Colleen
