Dear Henry Blackburn,

It was a very busy time for me coming back and I had some trouble with my own health. So I could not write earlier. I want to thank you for all very very much. It was a fantastic time in Minneapolis and I remember every day not only the good working with you but also the time of relaxation, especially the last day going to the Saint Croix River and playing such a wonderful New Orleans Jazz. I have been in several countries, but it was never such a beautiful country like Minnesota and I meet never such a big member of good friends. I hope we will be in contact and we will have the possibility to see us again. If you would come in the near of my country, please write me before you will going soon.

*Flattery!*

My best greetings for all the other in the "Lab", especially to ~~And~~ Keys, Henry Taylor, Jackie Peterson and all friends.

I look foreward to meet you again. With the best greetings also to your family

Your

*Joaquim Kueppe*
