CONFIDENTIAL

MEMORANDUM

TO: All Academic Staff

FROM: Henry Blackburn

It has come to my attention that some of the academic staff has discussed personal salaries with other members of the staff, including those on civil service staff. I personally regard this as indiscrete. It can have no beneficial effect on performance. It is a personal matter between you and the LPH administration or SPH. I believe it is inappropriate and unprofessional to discuss these matters with others. I know it is unwise as policy. I hope it won't happen again.

Thanks.
