425 Delaware Street SE
Minneapolis, MN 55455

Dear Dean Stauffer:

Many thanks for your tangible and intangible supports, including the MCPP planning budget you've just allocated. We will be very accountable with it.

We need to briefly discuss strategy for space and will submit a formal note of our "needs". It's a good time for another pitch for overall school needs, let's give them a "vision of excellence at Minnesota".

Cordially,

Henry Blackburn, M.D.
Professor and Director
