MHHP
Correspondence

Dear Henry:

I would like to take this opportunity to thank you for your correspondence dated October 5, 1981, regarding the change from Duluth to Sioux Falls as a city in your Minnesota Heart Health Program. Your Type 5 report indicated a change would be taking place, however, your detailed documentation contained in your letter is important for the official program file.

I had breakfast with Russell when he was in Bethesda as a reviewer for the Demonstration and Education Research applications (RFA). We talked about MHHP and, it appears you are making excellent progress with your program. I continue to be impressed with your leadership and the excellent caliber of the professional staff you have recruited at Minnesota.

I will be calling you in the next few days regarding CCCDS activities. Have a nice holiday season.

Warm regards,

Elaine

Dear Elaine:

Well, we are underway here. Wish you could
be here to see it. See you soon in Dallas.

Cordially,

Henry Blackburn, M.D.
Professor and Director
