Weldon Walker, M.D.  
650 Royal Avenue  
Medford, OR 97501

Dear Weldon:

It was nice to see your article on Stress and Type A Personality in the Forum, April 1980. I'm sorry I never did anything with our cardiology symposium from ACC in San Francisco. It's been a trying time for me. Please feel free to submit your article elsewhere on the decline of coronary mortality.

Cordially,

Henry Blackburn, M.D.  
Professor and Director
