School of Public Health  
Stadium Gate 2F  
611 Teacon Street, S.E.  
Minneapolis, MN 55455

Dear Doctor Blackburn:

The U.S. Senate Labor and Human Resources Committee, in cooperation with the Commission for Responsible Health Policy, is conducting public hearings on Preventive Medicine and Health Promotion on Thursday, July 16 and Friday, July 17. The attached statement of purpose describes the intention of our effort.

Because of time constraints, we recognize it is impossible to include many important organizations and individuals who have contributed to preventive medicine and health promotion. Therefore, we are inviting you to submit written testimony for consideration of inclusion in the Congressional Record of these hearings. If you wish to do so, we must receive it no later than Wednesday, July 22.

We encourage you to limit your written comments to not more than ten typed pages.

Sincerely,  
  
Orrin G. Hatch  
Senator
