Professor of Medicine and
Radiological Sciences
UCLA School of Medicine
1000 Carson Street
Torrance, CA 90509

Dear Mike:

I tried to reach you a couple of times by phone and understand you are out for a few weeks. I would be delighted to come to Carmel in January. I need help from you on the format of the George Burch tribute. As for the second topic on the second day, I suggest Sick Individuals and Sick Populations.

Cordially,

A handwritten signature in cursive script, appearing to read 'Henry B.' with a large flourish at the end.
