Dear Doctor Blackburn,

Receiving the final list of speakers and topics for the Symposium on Worldwide Trends of Coronary Heart Disease Mortality: Possible Explanations of the X World Congress of Cardiology, I was happy to learn that you have agreed to speak on the Experience from North America. I will act as a moderator at this Symposium.

✓ PC A.F. will need your Japan talk this summer. Dr. Blackburn.

If you have any questions, or if you wish to discuss preliminarily any matters related to the Symposium, I would be glad to hear from you.

Looking forward to meeting you this year in Washington.

With best regards,

Sincerely yours,

Raphael G. Oganov, M.D.
