School of Public Health
University of Minnesota
Stadium Gate 27
611 Beacon Street, S.E.
Minneapolis, MN 55455

Dear Henry,

Just a note to say how much I appreciate your support of my recent application to the National Institutes of Health for a Clinical Investigator Award. Enclosed is a copy of the completed application. Of course, I will let you know as soon as I hear something from them.

We will begin repeating coronary angiography, exercise thallium scans, PET scans, and other endpoint measures next February in the first group of patients. I will send you copies of these reports as they become available.

On a personal note, please accept my heartfelt appreciation for your support. With best wishes,

Sincerely,

Dean Ornish, M.D.
Assistant Clinical Professor of Medicine
