Dear Dr Blackburn

Dr Pyörälä, the Past-Chairman of the ISFC Council on Epidemiology and Prevention, has written to me indicating that you will be the new Chairman. Your Council is kindly co-sponsoring the above meeting. I enclose details of the meeting for you. We hope that the meeting may be of sufficient interest for you and/or other of your Council members to participate.

Unfortunately at this stage our financial support is limited and therefore we have to ask invitees to be financially self-sufficient.

Thank you again for your interest.

Yours sincerely

Lionel H Opie M.D. Ph.D.
