TO: Administrative Executive Committee
Executive Faculty

FROM: H. Blackburn

We will have the visit of the retiring president of the Council on Epidemiology and Prevention of the International Society of Cardiology from September 23-25, following the World Congress of Cardiology Meeting in Washington, DC. Professor Pyörälä will give a seminar on Wednesday, September 24th at the usual seminar time on National Recommendations for Coronary Disease Prevention in Finland. Professor Pyörälä is head of internal medicine at our sister university, Kuopio University in the Minneapolis-sister city of Kuopio. Peter McGrath and I arranged this treaty in 1982 at the time that university gave me an honorary degree. We recently had the visit of the president of that university, Osmo Hanninen, whom some of you met. We will have a social reception for Professor Pyörälä and his wife following the seminar and all faculty and fellows are welcome.
