Dear Henry:

Thank you so much for your kind note of January 14th. I was sorry that I didn't have a chance to visit with you at the last board meeting and to catch up on your activities.

I'm getting along well. Today I started driving, which helps the morale a great deal.

I've been very lucky, Henry. I was familiar with t-PA and was the first person in Mankato to have it administered at the hospital. The staff was well trained and I credit the early use of that drug with producing very little damage. I guess I'll now have to keep on my "soapbox" about not procrastinating when an attack comes.

Hope everything's going well with you.

Cordially yours,

Ogden P. Confer
