Dear Mary:

I was saddened to hear about you (and our) loss. Emanuel gave so many people so much pleasure. I was particularly fond of him, as you know. I was also grateful for your receiving me and my son in your home.

Please keep in touch and let me know if I can help in any way. We wish you the strength for this period of grief.

Best regards from your friend,

Henry Blackburn, M.D.
Professor and Director
