NEWSPAPER OF THE TWIN CITIES

Dec. 22

Dear Dr. Blackburn -

Let me thank you for writing and for lending your voice to the outcry ~~over~~ of objection to the proposed longterm tobacco advertising in the Metrodome. You're right about the comparable damage inflicted on society by the other scoreboard advertisers. You're also right about the world resisting full-service reform. With the dome advertising, tobacco seems the most noxious, and assailable.

Sincerely

Jim Klobuchar
