re: Jacques and Lesley Rossouw

Dear Joe:

This mature, attractive and productive couple have decided to emigrate. I'm hoping to take them on here in temporary, nonregular appointments, but it's not certain that I can. I think people in your position should know about their availability. They have important contributions to make in clinical, laboratory and population undertakings. I am arranging for them to visit this country sometime in the spring, though I'm disappointed they are not able to make it in time for Santa Fe.

Cordially,

Henry Blackburn, M.D.
Professor and Director
