Dear Henry,

Thanks so much for sending me the most welcome--and doubly so because it is autographed--Seven Countries Study. I like the anecdotes and pictures. The research must have been more fun than anything, and maybe even more so in retrospect.

I'm enclosing the manuscript of my introduction to the Mediterranean diet papers. This was submitted to the American Journal of Clinical Nutrition a couple of months ago and has not yet been accepted. I thought it might amuse.

It was very nice to meet you. I'm looking forward to the next time. Again, thanks.

Yours truly,

Marion Nestle, PhD, MPH
Professor and Chair
