Dear Henry

I would like to thank you and Stacy for your many kindnesses to us during our recent visit to Minneapolis. It was a memorable experience all round.

My time at the NIH promises to be quite productive, and seems to have been a wise move. Les and I are visiting RSA in the first 2 weeks of September for a congress in Johannesburg, which will also provide an opportunity to visit colleagues in Cape Town and see the family. Needless to say, we are looking forward to that very much.

My best regards to Stacy

Sincerely

Jacques Rossouw
