Dear Ron:

Sorry I missed your presentation in New Orleans. I heard good things about it. Would you send me a copy of it? We need to get that kind of educational message across to the NHLBI Advisory Council whose favorite sport these days is beating up on clinical trials, using TOMHS, of course, as a prototype of all things evil.

There will have been a flurry of correspondence with your office last week about my potential drop-in visit. I have cancelled a Key West junket. I am sure you won't mind if we reschedule for another occasion. I will let you know.

Cordially,

A handwritten signature in cursive script, appearing to read 'Henry Blackburn'.

Henry Blackburn, MD
Professor and Director
