Dear Sirs:

I was overwhelmed to see the Tony Brown Show on Saturday, November 25. There may be reasons to present nonsense or chicanery on Public Radio, in the context of freedom of information and arguing rationality versus irrationality. But astrology and numerology and New Age or ancient pseudoscience has no place on our public airways outside a context of examination of their assumptions and pretenses. Perhaps you would be able to give your supporters and listeners an idea of why Tony Brown is given such anti-intellectual liberties on the public airways.

Sincerely,

Henry Blackburn
