Dear Rick:

I am distressed that I didn't follow-up sooner with the contact with Fred Epstein. He needs to get an impression of your willingness to move ahead with the CV Epi History and I think he is willing to start applying energies as well. I left a rather complete message 10 days ago with someone on your floor. You might want to run it down because it was a definitive, complete and though complex, nevertheless clear and urgent message.

I hope you had a good visit to Barcelona.

Cordially,

Henry Blackburn (nt)

RICK: - I LIKE YOUR IDEA OF RESTRICTING

THE SCOPE TO CVD

- INTEREST, THEN INVOLVEMENT, IN CVD IS OFTEN 2-STAGED.
- I LIKE SEPARATION OF RESEARCH AND POLICY AS YOU HAVE DONE.
- WONDER ABOUT MEANING (AND USE) OF #7 ON "CLIMATE"
- THE MEAT IS ^{ALL} THERE!

SEE YOU IN 2 WEEKS.

HENRY

P.S. - NOTE YOU OMITTED MY Q. ABOUT READING (REFS.) THAT INFLUENCED ONE. I'VE SECRETLY THOUGHT THAT AN EDITORIAL BY R. GUBNER 1949 INFLUENCED ANCEL. NOT CRUCIAL.

- YOU OMITTED IDEAS FOR FUTURE NEEDED RESEARCH (TO SEE WHERE MATURE VISION LOOKS) ALSO NOT CRUCIAL
