RE: James Vaupel award

DATE: October 6, 1989

For your information:

James Vaupel was awarded the yearly Minnesota Dietetic Association's Hubert H. Humphrey Memorial Lecture Award September 28th. On September 29th at the Earle Brown Center, St. Paul Campus, Vaupel gave a talk to the Minnesota Dietetic Association's Fall Meeting about key demographic trends for dietitians. The Hubert H. Humphrey Memorial Lecturer was established in honor of the late Senator Humphrey, who was a champion of food and nutrition concerns.

10/16 ✓ Jean Gini. HHH was indeed such a champion. Congrats. My lecture is published, let me see it. We now have one of the strongest nutrition groups anywhere & I hope can get some forward motion. I'm leaving for US-Japan Health Treaty. Let's meet next month.*
