Dear Dean:

Many thanks for your recent kind letter. I had dreamed of getting Stacy out for the mid-September picnic at the Grove but it won't happen. Nevertheless, we will keep your invitation in mind for our next excursion westward.

I hear indirectly that you may be in our town on Friday, October 5th. Is there any chance we could get together socially at some time between your media appearances?

Cordially,

Henry Blackburn, MD  
Mayo Professor
