Saxon Graham, PhD  
Professor and Chairman  
Social and Preventive Medicine  
State University of New York at Buffalo  
2211 Main Street, Room 300  
Buffalo, NY 14214

Dear Saxon:

I am terribly sorry to be a month late responding to your May 29th request concerning Maurizio Trevisan. Things have been more than a bit heavy here. Enclosed are my raves.

I hope I see you in Los Angeles at IES, but I am coming in only for the opening ceremony. The meeting conflicts with my fixed commitment to the annual Tahoe Seminar in CVD Epidemiology.

Things move briskly here. John Potter's Cancer Prevention Research Unit moves along very effectively. Otherwise we are holding things together. I am much looking forward to a new period of creativity, as I step down as Division Head and assume the Mayo Chair on September 1.

Cordially,

Henry Blackburn, MD  
Professor and Director
