minnesota
memo

date Sept. 30 19 80

to Dean Lee Stauffer

from Henry Blackburn

Have you any suggestions how we can retract our appointment for Keith Schnert on the basis of the absence of any useful dialogue or contribution to the school? He continues in all communications to glorify his role in the SPH while there is really no compatibility with our interests (at least here). Is there an annually renewal appointment that we can call on without a major embarrassment?
