Dear Henry,

Thank you very much for your kindness to  
send me *On the Trail of Heart Attacks*  
in seven countries!

It reminded me of my old memories which  
Noboru and I had had with our friends.

According to see it, I also remembered  
the places which we had been. Were they all  
my dreams? I think of you very much.

Hoping to see you again,

Your love

Chika Kimura
