Mr. Robert Chandler, Editor  
Bend Bulletin  
1526 Hill Street  
Bend, OR 97701

Dear Mr. Chandler:

We were charmed and delighted by the pleasant evening on the river with you and your lovely daughter, and with Jim and our daughters. You must know that we are extremely grateful for your and Janet's unusually warm and thoughtful treatment of Katia during our recent trying times at home.

All of us were thoroughly refreshed by our explorations in the Oregon desert and Cascades.

The delightful character from Missouri I was trying to think of at the Owl's Camp, in addition to Bob White, II, is Walter Burroughs! I'll probably be there next year and may miss you on the rotation, but I hope we'll get in sync eventually and have time together in the Grove and elsewhere.

Cordially,

*Henry J.*  
Henry Blackburn, M.D.  
Professor and Director

*Dr. Blackburn -  
Nice to have you here  
for a visit -  
No wonder I didn't recognize  
Walter Burroughs when you said  
he was from Missouri. He grew  
up in Washington, and has lived  
in Southern California since he  
graduated from U.W. I have known  
him well for 20-25 years -  
Come for another visit -  
Katia continues to do well.  
Rob Chandler*
